STRESS SUPPORT GROUP The Historical Society of the Upper Mojave Desert (HSUMD) has become a community center of activity that, among other things, recognizes and supports Veterans who have served our country. The ways HSUMD supports veterans are many and varied. They include the establishment of a Veterans Memorial Building that displays and honors the stories of our local Veterans and their service. They include hosting a monthly Veterans Breakfast for all Veterans and their spouses at the Historic USO Building. And HSUMD hosts a regular gathering of a Stress Support Group on Tuesday evening, starting at 1800 hours at the Veterans Memorial Building located at 230 W. Ridgecrest Blvd, the Stress Support Group meets under the leadership of Dr. Jiselle Esparza. Exposure to traumatic combat and operational experiences affects service members and Veterans spiritually, psychologically, biologically, and socially. A Veteran with a good job, good social supports, and a healthy leisure routine may have an easier readjustment to civilian life. If you or a loved one thinks that they could benefit from coming to a meeting of this Support Group, please call for schedule & details. John Abbott at 1-619-808-2223. TFN

Resident in the Valley since 1982 I own The Swap Sheet

I have served on:
The Indian Wells Valley Airport District
The Indian Wells Valley Water District
Mayor of City of Ridgecrest
Chairperson of the Indian Wells Valley Groundwater Sustainabilty Agency
Many organizations as a volunteer and/or board member

My major assets

Belief in this community and its people
Small businesses are the backbone of this community and the Nation
I own a small business
Economic Development will pave and pay the way to an even better future
I am not afraid to make difficult decisions
I am a listener and believe learning never ends

A candidate with vision

• This community is at a major crossroads - what we act upon and accomplish today will change and guide our future and that of generations to come

What I Will Do

• **Encourage and support new businesses and grow established ones** because we must be known and act as a "business friendly" community. Doing so will benefit our economic base and offer jobs for our own people.

• **Continue to Support the Base and its Mission** while knowing we can not depend on them for all our economic futures. No more talking about seeking new businesses - just do it. No more why we can't do something but more of why and how we can!

• **Build Trust and Confidence in the City** - we do what we say, we live within our budget and seek assistance when we must, knowing because you matter - it matters. We listen and learn from each other and even if we disagree, we treat each other with civility and respect. With all this, we begin to go beyond the crossroads to a better future.

We have talked enough - time for action!
