RIDGECREST

Ridgecrest is a community where you'll find old-fashioned family values and a low-stress lifestyle, as well as unexcelled technical facilities and expertise. We're located in the Indian Wells Valley, a high-desert setting framed by four mountain ranges, including the majestic Sierra Nevada. Our town is known for its beautiful skies, excellent schools, safe neighborhoods, closeness to nature and proximity to the Naval Air Systems Command's Weapons Division at China Lake.

Serving as the trade and cultural center for more than 57,000 people, Ridgecrest has a rare combination of assets -- big-city amenities combined with small-town atmosphere. Whether you come here to work, to retire or to play, Ridgecrest is a place you'll love to call home.

Our convenient location near U.S. 395 and State Route 14 helps us function as the center of commerce for a large geographic area, as well as the gateway to the recreation and tourism opportunities of the

High Desert and the Eastern Sierra.

Our climate is dry, with mild temperatures most of the year. Balmy evenings with low humidity offer relief from the midday heat of summer. About 4.5 inches of rain fall on our valley in an average year.

If your idea of fun is tennis-shoe scrambling or class 6 mountaineering...car touring or backpacking...group activities or getting off by yourself...learning about the world around you or simply relax-

ing...Ridgecrest and the surrounding areas have something to offer.

TRONA

Trona is an unincorporated community in San Bernardino County, California. In 2000 it had a population of 2,742. Trona is at the western edge of Searles Lake, a dry lake bed in Searles Valley, southwest of Death Valley. The town takes its name from the mineral trona, abundant in the lakebed. It is about

170 miles (274 km) northeast of Los Angeles, on State Route 178. T

Trona was officially established in 1913, as a self-contained company town, wholly operated by its resident mining company to house

employees. Employees were paid in company scrip instead of cash.

Now tourism also plays an impor-

tant part of the economy. The Pinnacles is world-renowned for their otherwordly rock formations. All invite you to come see even more than the photo above.

Quality of life matters!

We are committed to our communities, our environment and our employees. Our products are the building blocks for a healthier, more comfortable, mobile, clean, and informed lifestyle.
