HAPPY HOLIDAYS

from the Monarch family to yours

Here at Monarch, we are extremely proud of our accomplishments from 2015. We could never have accomplished this without the generous support of the City of Ridgecrest, and your vision and dedication to making Ridgecrest a leader in the drone market.

Monarch

The Federal Aviation Administration granted Monarch a 333 waiver for commercial activity.

Monarch partnered with California State Parks systems to aerially map Bodie State Historic Park.

Monarch engineers designed our third drone, the Monarch mini, giving us a drone that is accessible for all lines of businesses.

Monarch partnered with Tel-Tec, an independent security firm.

See all these and more on our new website - www.monarchmakers.com

2016 promises to be a breakout year for Monarch. We look forward to keeping Ridgecrest on the map as a leader in the drone industry. Happy holidays!

Community Health Care Needs Assessment Survey

Have your say! Your input is valuable.

To understand the health care needs and concerns in our community, Ridgecrest Regional Hospital conducts a community health needs assessment every 3 years.

As part of the assessment, we survey community residents to better understand their health concerns and services in the community. The information from the survey, along with public health data, and community health experts input, will enable RRH and its Board of Directors develop short term and long term plans to improve and introduce health services for the community.

The survey is conducted by an independent organization so we want to assure you that **your answers are kept anonymous**. They do not require your name or any other personal information by which you can be identified. They will combine your answers with other answers and will not use names or other identifying information in any reports or presentations.

Online Survey

You can complete the survey at:

TERESA'S AutoBody & Towing

Prompt, Friendly and Professional Service is our Commitment

Looking forward to another year of being your locally owned collision repair shop, we've been here for you and your auto body needs for over 25 years and will be here to provide quality repairs and service for you in the future. Thank you Ridgecrest, we truly appreciate your business and loyalty.

Should you find yourself in the unfortunate situation of being stuck on the side of the road, remember your safety is the most important thing to keep in mind. Turn your emergency flashers on and if it's safe to remain in the car remember to remain belted in. If you choose to leave your car make sure you stay clear of oncoming traffic. Give us a call and let us demonstrate to you why we are the "First Choice in Roadside Service and Towing". We will take care of all of your Roadside issues whether it's simply needing gas, jump start, locked out or an unfortunate accident. No matter how big the problem, our fully trained staff can help you get back on the road and home to your family.
