"Remembering Our Fallen"
exhibit will be in Ridgecrest

NOW
to
Saturday, September 17th
at

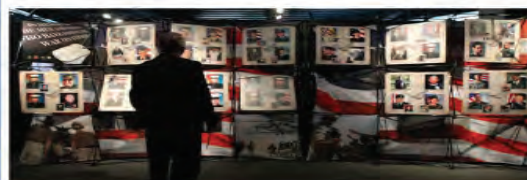

Kerr-McGee Center
100 W California Ave
Ridgecrest, CA

Display Hours:
Monday-Friday 11am-9pm
Saturday 8am-9pm

*There are over 730 California Heroes honored,
40 are from the surrounding Ridgecrest area.*

Exhibit Production Sponsored by

BELLEVUE UNIVERSITY

"Remembering Our Fallen" was created in November 2010 by Bill and Evonne Williams of Omaha. Their eternal hope is to honor the memory of those who have made the ultimate sacrifice, to provide comfort to friends and family of the fallen, and to remind others of the tremendous cost paid by some.

Warriors of the 21st Century are professionals who volunteered to join the United States Armed Forces. They grew up in the shadow of September 11, 2001, a defining moment for most of them. Many have endured multiple deployments and most return home. Some do not.

"Remembering Our Fallen" was created to honor those who made the ultimate sacrifice in the Iraq and Afghanistan wars. Its legacy will be that these men and women will never be forgotten and that their names will be remembered and spoken.

BEGINNING BELLY DANCE TEENS & ADULTS

THE ART OF MIDDLE EASTERN DANCE

Oriental dance, Middle Eastern dance or Arabic dance are ethnic names given to an art form known commonly in American as Belly Dance. Belly dancing began 3,500 years ago in countries surrounding the Mediterranean Sea from Turkey to Morocco, West Africa, Egypt, Greece and Northern India. The Arabs call it Beledi, which means, simply, native dance or native rhythm. The Arabs mingled with all the nations of the Near East & their musical life had an international, inter-oriental character we call Arabian. In these lands, the passions of birth & life & love are woven into every part of the culture with a special earthy quality. The music is very emotional & free rhythmically, therefore the dance, as a physical expression of the sensual, mystical music, is also highly emotional & free rhythmically. The music reflects thousands of regional customs, practices & celebrations

WHAT WILL BENNY DANCING DO FOR YOU?

I have seen women's confidence blossom after having taken belly dancing classes, as well as enjoying the "sisterhood" that occurs after dancing together each week. I have seen how men's hips, which are often very tight, become looser due to doing movements that isolate the area. Women often benefit in this area, Belly dancing will tone your muscles, improve your posture, develop more balance & grace in all your movements, increase your stamina, release tension in your lower & upper back and neck, allow for creative expression through music, improve your self-image & it is a lot of fun too!

WHICH IS RISKIER?

Rock climbing is risky.

Not having life insurance to take care
of your loved ones is riskier.

It means they would suffer financially
if something happened to you. And
that's a risk you don't have to take.

Life insurance is more affordable
than most people think. The first step
to getting coverage is easy.

HATHA YOGA - MONDAY 6 - 7PM

THE PRACTICE OF HATHA YOGA

THE ART OF MIDDLE EASTERN DANCE

Hatha (breath) Yoga (union) is the science of well-being for people of all ages. It is not a religion and is non-competitive. Yoga is a physical, mental, emotional, and spiritual discipline. It is a drawing together of heart, mind and body that integrates all the parts of ourselves into a unified whole. It is a method of discipline which enables one to look at life in all aspects evenly. Asanas, or postures have evolved over the centuries so as to exercise every muscle, nerve and gland in the body. They secure a fine physique, which is strong and elastic without being muscle bound. Asanas, along with deep, slow breathing, reduces fatigue and soothes the nerves, giving complete relaxation and energy. Enjoy your personal yoga journey, as well as being a part of each other's journeys to enrich our lives and make the world a better place.

MORTGAGE RATES NEAR ALL-TIME LOW

According to Sean Beckett, Freddie Mac's chief economist, "The 30-year fixed-rate mortgage averaged 3.48% the last week in June, only 17 basis points from Freddie Mac's all time record low of 3.31% in November 2012." Experts attribute the fallout to last week's "Brexit", Britain's exit from the European Union.

National Mortgage Rate Average for the Week Ending June 30

	30-Year Fixed Rate	15-Year Fixed Rate
2015	4.08%	3.24%
2016	↓ 3.48%	↓ 2.78%

Low rates are triggering an increase in refinancing, home buying and home building!
