RIDGECREST, CA. - Toyota of Ridgecrest stunned area residents today by announcing that they have been selected as the exclusive dealer in the Indian Wells Valley to bring back \$4,000 CASH FOR CLUNKERS. Many Americans took advantage of the CASH FOR CLUNKERS event by trading in their old cars, trucks, and SUVs, for a newer more fuel efficient means of transportation with a guaranteed \$2,000 trade allowance for their vehicle.

# CASH FOR CLUNKERS

Toyota of Ridgecrest Exclusive Dealer for this Event.

\*Trade-Ins must be disclosed prior to negotiations. \$2,000 Minimum trade in allowance

\*Some new vehicles will not qualify. See dealer for details.

**STRESS SUPPORT GROUP** The Historical Society of the Upper Mojave Desert (HSUMD) has become a community center of activity that, among other things, recognizes and supports Veterans who have served our country. The ways HSUMD supports veterans are many and varied. They include the establishment of a Veterans Memorial Building that displays and honors the stories of our local Veterans and their service. They include hosting a monthly Veterans Breakfast for all Veterans and their spouses at the Historic USO Building. And HSUMD hosts a regular gathering of a Stress Support Group on Tuesday evening, starting at 1800 hours at the Veterans Memorial Building located at 230 W. Ridgecrest Blvd, the Stress Support Group meets under the leadership of Dr. Jiselle Esparza. Exposure to traumatic combat and operational experiences affects service members and Veterans spiritually, psychologically, biologically, and socially. A Veteran with a good job, good social supports, and a healthy leisure routine may have an easier readjustment to civilian life. If you or a loved one thinks that they could benefit from coming to a meeting of this Support Group, please call for schedule & details. John Abbott at 1-619-808-2223. TFN

## understanding and responding to dementia-related behavior

### an education program by the alzheimer's association

Behavior is a powerful form of communication and is one of the primary ways for people with dementia to communicate their needs and feelings as the ability to use language is lost. However, some behaviors can present real challenges for caregivers to manage. Join us to learn to decode behavioral messages, identify common behavior triggers, and learn strategies to help intervene with some of the most common behavioral challenges of Alzheimer's disease.
