### COLLABORATIVE DIVORCE LAWYERS

Ridgecrest now has Collaborative Attorneys for those who need a divorce but don't want the unnecessary anger, frustration or drama that comes with the emotionally charged litigation of family law, where mud slinging and the airing of dirty laundry are the norm.

When Collaborative Attorney's represent divorcing parties they get to keep things private, the costs are much less than with conventional divorces and the parties are better at co-parenting and resolving problems. Each party has their own Collaborative Attorney, who represents them and negotiates an amicable divorce.

Attorneys Charian I. Caesar, Chris Ogbuehi & Ed Ortega have a working relationship where they foster respectful cooperation of their clients to promote settlement.

### Strawberry Cheesecake

2 cups graham cracker crumbs  
¼ cup salted butter, melted

32 ounces (4 blocks) cream cheese, softened to room  
temperature  
1 cup granulated sugar  
3 Tablespoons all-purpose flour  
¼ teaspoon salt  
1 Tablespoon orange zest  
5 large eggs  
¼ cup heavy cream  
sliced fresh strawberries for topping

Spray the bottom of a 9-inch springform pan with nonstick  
cooking spray. Preheat the oven to 350F degrees.  
In a small mixing bowl, mix together 2 cups graham cracker crumbs and ¼ cup salted butter, melted . Press  
into the bottom of the springform pan. Bake for 10 minutes. When done, set on a cooling rack and set aside.  
Turn the oven down to 300 degrees F.

In a large mixing bowl, mix together 32 ounces (4 blocks) cream cheese, softened to room temperature and 1  
cup granulated sugar until smooth and creamy.  
Add 3 Tablespoons all-purpose flour, ¼ teaspoon salt and 1 Tablespoon orange zest and beat again until well  
combined.  
Add 5 large eggs, one at a time, beating well in between each addition. Add ¼ cup heavy cream and mix until  
combined.  
Once the springform pan has cooled enough to handle, wrap the bottom of the pan with 2-3 layers of tinfoil.  
Add a paper towel between the pan and the foil to help absorb any water that may leak in the water bath.  
Pour cheesecake batter into a springform pan. Carefully place into the bottom of a roasting pan. Fill the roast-  
ing pan about an inch deep with very hot or boiling water.  
Gently place it in the oven and bake for one hour. Try not to open the door of the oven for the entire cooking  
time. After an hour, open the door and check for doneness. It will be slightly jiggle in the center still but sides  
should be set.  
Once cheesecake is done, turn the oven off, but keep it in the oven for an additional hour. This helps with pre-  
venting any cracking.  
Remove cheesecake and allow to cool before covering and placing in the refrigerator. I gently place a piece of  
paper towel on the cake and then saran wrap. This will absorb condensation that forms in the refrigerator.  
After cool, top with berries
