Reliable • Friendly • Precise

I am Barb Hill and I love working with small businesses. Most owners don't start a business because they love bookkeeping. When you're busy serving customers and putting out fires, the numbers can slip to the bottom of the list. But when your books aren't current, decision-making gets fuzzy: pricing, cash flow, taxes, hiring, and growth plans all get harder. Over time, that lack of visibility can quietly reduce profitability and the long-term value of the business.

My approach is simple: keep your records accurate, your reporting understandable, and your month-to-month picture consistent - so you always know where you stand and can confidently make next-step decisions!
